

As part of our Earth Week 2021 celebrations, Laboratory B will be hosting their Repair Cafe in our alleyway on Saturday, April 24th. Give your old items a new life instead of tossing them in a landfill. Bring anything broken - toasters, bikes, toys - and Lab B will help you fix it! Stop by on Saturday from 11AM - 3 PM with a mask. Weather dependent. More details at <https://www.facebook.com/events/854229021813817>.
