

Location

Located near the beautiful Lake Champlain in Burlington, VT, we are proud to be a solar-powered office environment as well as a stormwater management technology demonstration center.

Our facilities combine comfortable and productive work-spaces with innovative energy solutions, stimulating common areas, and colorful architecture.

In addition to being within a few minute's walk from downtown Church Street, 12-22 North is centrally located on the Burlington waterfront, bike path, skate park and is approximately 15-minute's ride from Burlington International Airport.

Enjoy the sunset over Lake Champlain at Battery Park, a block away
